# Important terms to know

**Copay** - This is a fixed amount you pay each time you use a medical service, such as a doctor's office visit, prescription refill or a hospital stay. For example, you qualify for Essential Plan 1, which has a \$15 copay for a doctor office visit. You go to your doctor for strep throat, you pay \$15 at the time of your visit and we pay the rest.

**Coinsurance** - Your share of the costs of a covered health care service, calculated as a percent (for example, 5%). You need crutches which may cost \$200. Your plan covers 95%.

So, your coinsurance payment of 5% would be \$10. We would pay the rest or \$190.

**Covered in full** - 100% of the total cost is covered by the health insurance company and you do not have to pay anything.

**Out-of-pocket maximum** - A specific amount that limits how much you have to pay out of your own pocket for health care services during a particular time period, not including monthly premiums.
