Making oral health more affordable with new quality dental plans

Taking care of your teeth and gums is an important part of maintaining overall health and wellbeing. Regular dental visits, along with daily brushing and flossing, can greatly reduce the occurrence of major oral health issues, as well as help detect a number of other medical conditions.¹

By emphasizing no-cost preventive care, the new Healthy Smile Family Dental & Healthy Smile Premier Dental plans help you maintain complete oral health, reducing the need for more costly dental care in the future. At the same time, it helps you to minimize pain and anxiety, eat and sleep without disruption, boost self-confidence, and have an overall better quality of life.

Now that's something to smile about.

What's Covered

All of our individual and family dental plans offer comprehensive coverage that will give you the confidence you need to get care when you need it:

- Cleaning and exams
- Routine x-rays
- Fillings
- Select crowns*
- Dentures*
- Endodontics and periodontics

All plans include the mandated Pediatric Dental Essential Health Benefits in accordance with the Affordable Care Act.

How this works:

Both plans come with a deductible, which means that for some services, you're responsible for the costs up to that amount. Once you've met your deductible, the plan starts contributing.

- Under both plans, diagnostic and preventive services are covered in full and not subject to the deductible. This means you'll have no out-of-pocket costs when visiting an in-network dentist for services like your adult oral exam or bi-annual cleanings.
- For all other covered services, like having a cavity filled and dentures, you're responsible for paying a percentage of the cost, called coinsurance.
- To limit your costs each year, the pediatric benefits come with an out-of-pocket maximum (OOPM) which is the maximum amount you'll have to pay during that plan year (excluding premiums).

*Subject to 12-month waiting period for Major services

The top 5 things to know

1 What benefits are free?	<ul style="list-style-type: none">One cleaning and preventive adult oral exam is covered every six months at no cost to you.
2 Does my plan have a deductible? If so, when does it apply?	<ul style="list-style-type: none">Yes, these plans have a deductible. Refer to the benefits table on the previous page for the individual, pediatric and family deductibles for each plan.The deductible will apply to all covered services except for preventive and diagnostic services, such as oral exams and cleanings, which are covered in full and not subject to the deductible.
3 How does the money I pay toward my deductible add-up (or aggregate)?	<ul style="list-style-type: none">When only covering yourself, you will pay the single deductible amount.When covering more than one person, the family deductible is met for everyone on the plan when one or any combination of members reaches the family deductible amount.Once you meet your deductible, the plan begins paying on your claims and you're only responsible for a percentage of costs, called coinsurance.
4 Is there a waiting period?	<ul style="list-style-type: none">There is no waiting period for pediatric benefits (up to age 19).For adult benefits (age 19 and older), there are no waiting periods on diagnostic, preventive, or basic services. Major services are subject to a 12-month waiting period. Waiting period may be waived with proof of prior dental coverage at enrollment.

Why it's important to practice good oral health

More than 1 in 4 (26%) adults

in the United States have untreated tooth decay.²

Nearly half (46%) of all adults aged 30 years or older

show signs of gum disease; severe gum disease affects about 9% of adults.³

Up to 120 medical conditions

can be detected early through examination of the mouth, throat and neck.¹

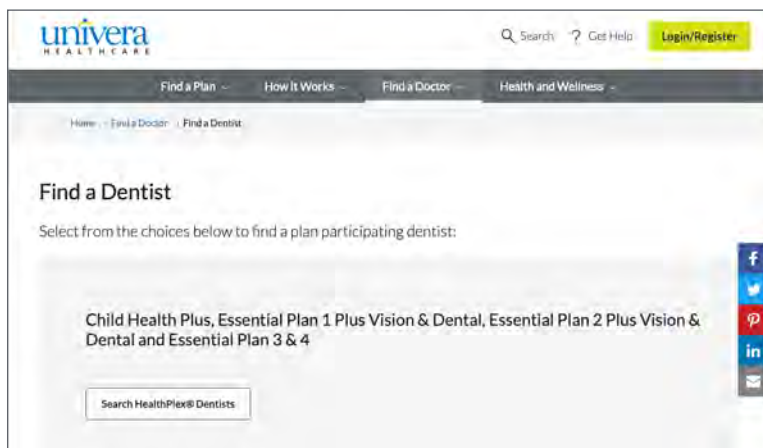

Diabetes, heart disease, stroke

and other serious medical conditions can be caught early based on warning signs such as gum disease and infections.⁴

Important Terms To Know

Deductible

The amount of money you have to pay before the health insurance company will make any payments towards dental services. The deductible amount will vary based upon your plan, so make sure you know what that amount is.

Coinsurance

Your share of the costs of a covered dental service, calculated as a percent. Coinsurance is similar to a copay, but instead of a fixed dollar amount, it is a percentage of the total bill. For example, if your filling costs \$100 and you've met your deductible, your coinsurance payment of 20% would be \$20. The health insurance company would pay the rest, or \$80.

Out-of-pocket maximum

An annual limit on the amount of money that you would have to pay for dental services, not including your monthly premium. This is also called the Out-of-Pocket Maximum (OOPM).

Schedule of Allowances/Fee Schedule

The maximum amount the insurance company will pay for specific dental procedures or services. To obtain information on the current fee schedule, please call the Customer Care number on the back of your card, or 1-844-829-8513.

Participating Dentist (in-network)

These dentists agree to accept the fee schedule as payment in full for services performed and will not bill you for an additional amount.

Non-Participating Dentists (out-of-network)

These dentists are not part of the dental network. When you receive care from a non-participating dentist it will cost you more out-of-pocket.

You can reduce your out-of-pocket costs by seeing a participating dentist. Find a participating dentist by visiting our website at **UniveraHealthcare.com/FindADentist** or call Customer Care at 1-844-829-8513.
